## HVAC

**HVAC** subcontractors are responsible for installing (and maintaining) climate control of a building to ensure comfort for its occupants.

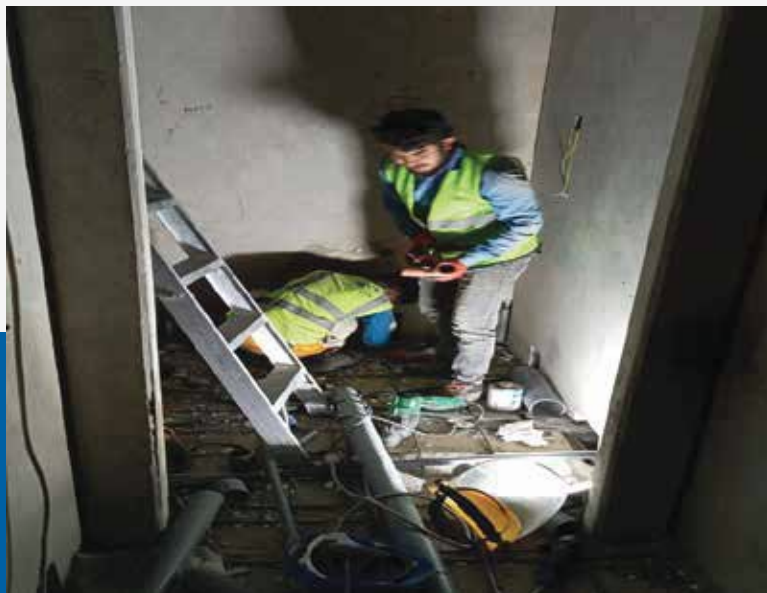

This includes boilers, furnaces, ducts, air conditioners, and other heating/cooling equipment to help keep the building comfortable.

## Plumbing

**Plumbing** is one of the most important subcontracting job in construction sector. We install waste lines and drains to safely channel sewage to the outside very carefully and thinking hundred year non repair with our expert Engineer Foremen, and skilled workers. We are

also responsible for laying out water pipes and connections in and outside of your full building including garden spray hoses as per your needed. Faulty plumbing can cause leakages, which lead to costly repairs down the line.

## Painting

Tania Contracting Company is an experienced sub-contracting company for industrial **painting**, Residential painting and Commercial space painting in all around of Saudi Arabia. We've been trusted to provide paint and finish services in a notable quality from a long period of time. We also have team to fix wall paper to decorate interior wall of

house or commercial area. We always take all safety steps to fulfil zero accident goal. Our Safety team always take a touch with project to ensure safety protocols. It is not only for company safety but also for poor workers who worked hard for their family in a high risk environment.

Every building project requires a good electrician. We, as a subcontractor install electrical wires, panels, generators, fixtures, alarms, and other electrical materials or equipment. Faulty electrical

work can prove disastrous. Tanis Contracting Company always aware about the future accident building safety.

Tiling is a skilled job that requires a good amount of planning. TCC is here to help you get the best finish and quick complete the project. Whether you're tiling a full bathroom, a kitchen splash back, the shower floor or any big areas that

require more skill such as a fireplace, we're with you to give you the best solution and solve the task with high quality that will help you to achieve a great result.

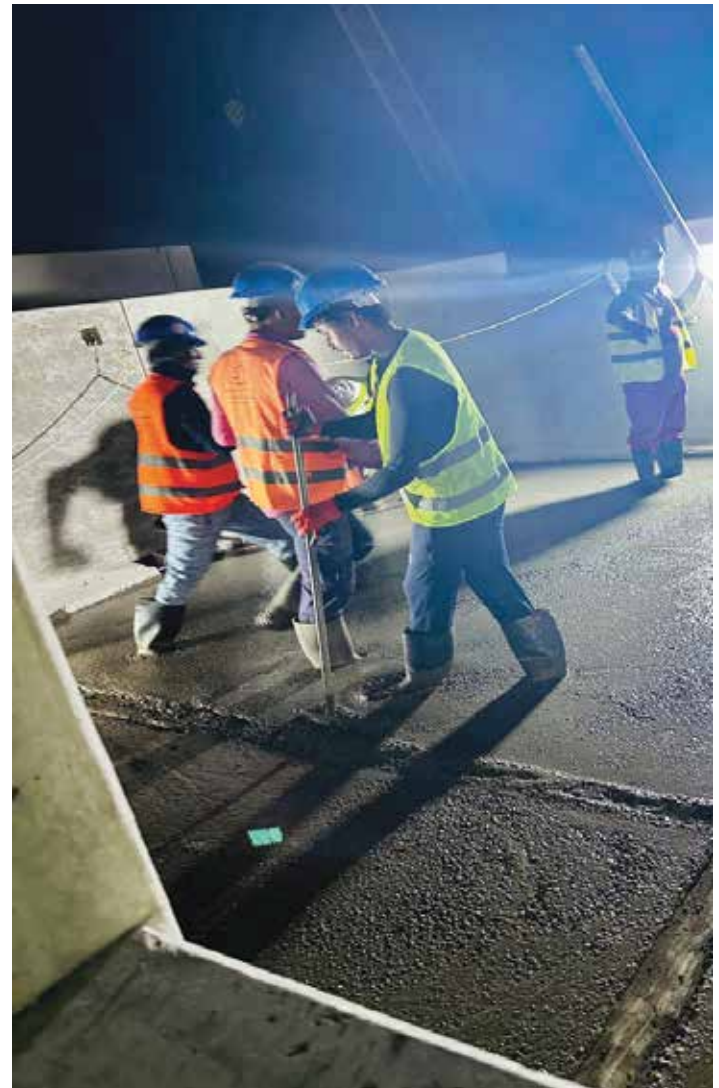

Shuttering Carpentry is one of our significant works with wood and laminated sheets to build (and install) concrete floor and Beam. Tania contracting company always take all safety steps to fulfil zero accident goal for any kind of defect of shuttering structure to ensure zero risk during concrete/molding pouring on the shuttering floor.

Hardwood floors are some of the most gorgeous, versatile, and desirable types of flooring available. Potential homebuyers generally prefer hardwood over other flooring options in living and dining areas, so installing it is a great way to boost your home and office value. Hardwood is durable and attractive, easy to clean and water proof also. Tania Contracting company is with you to fix your office and home with wooden tiles using their expert team.

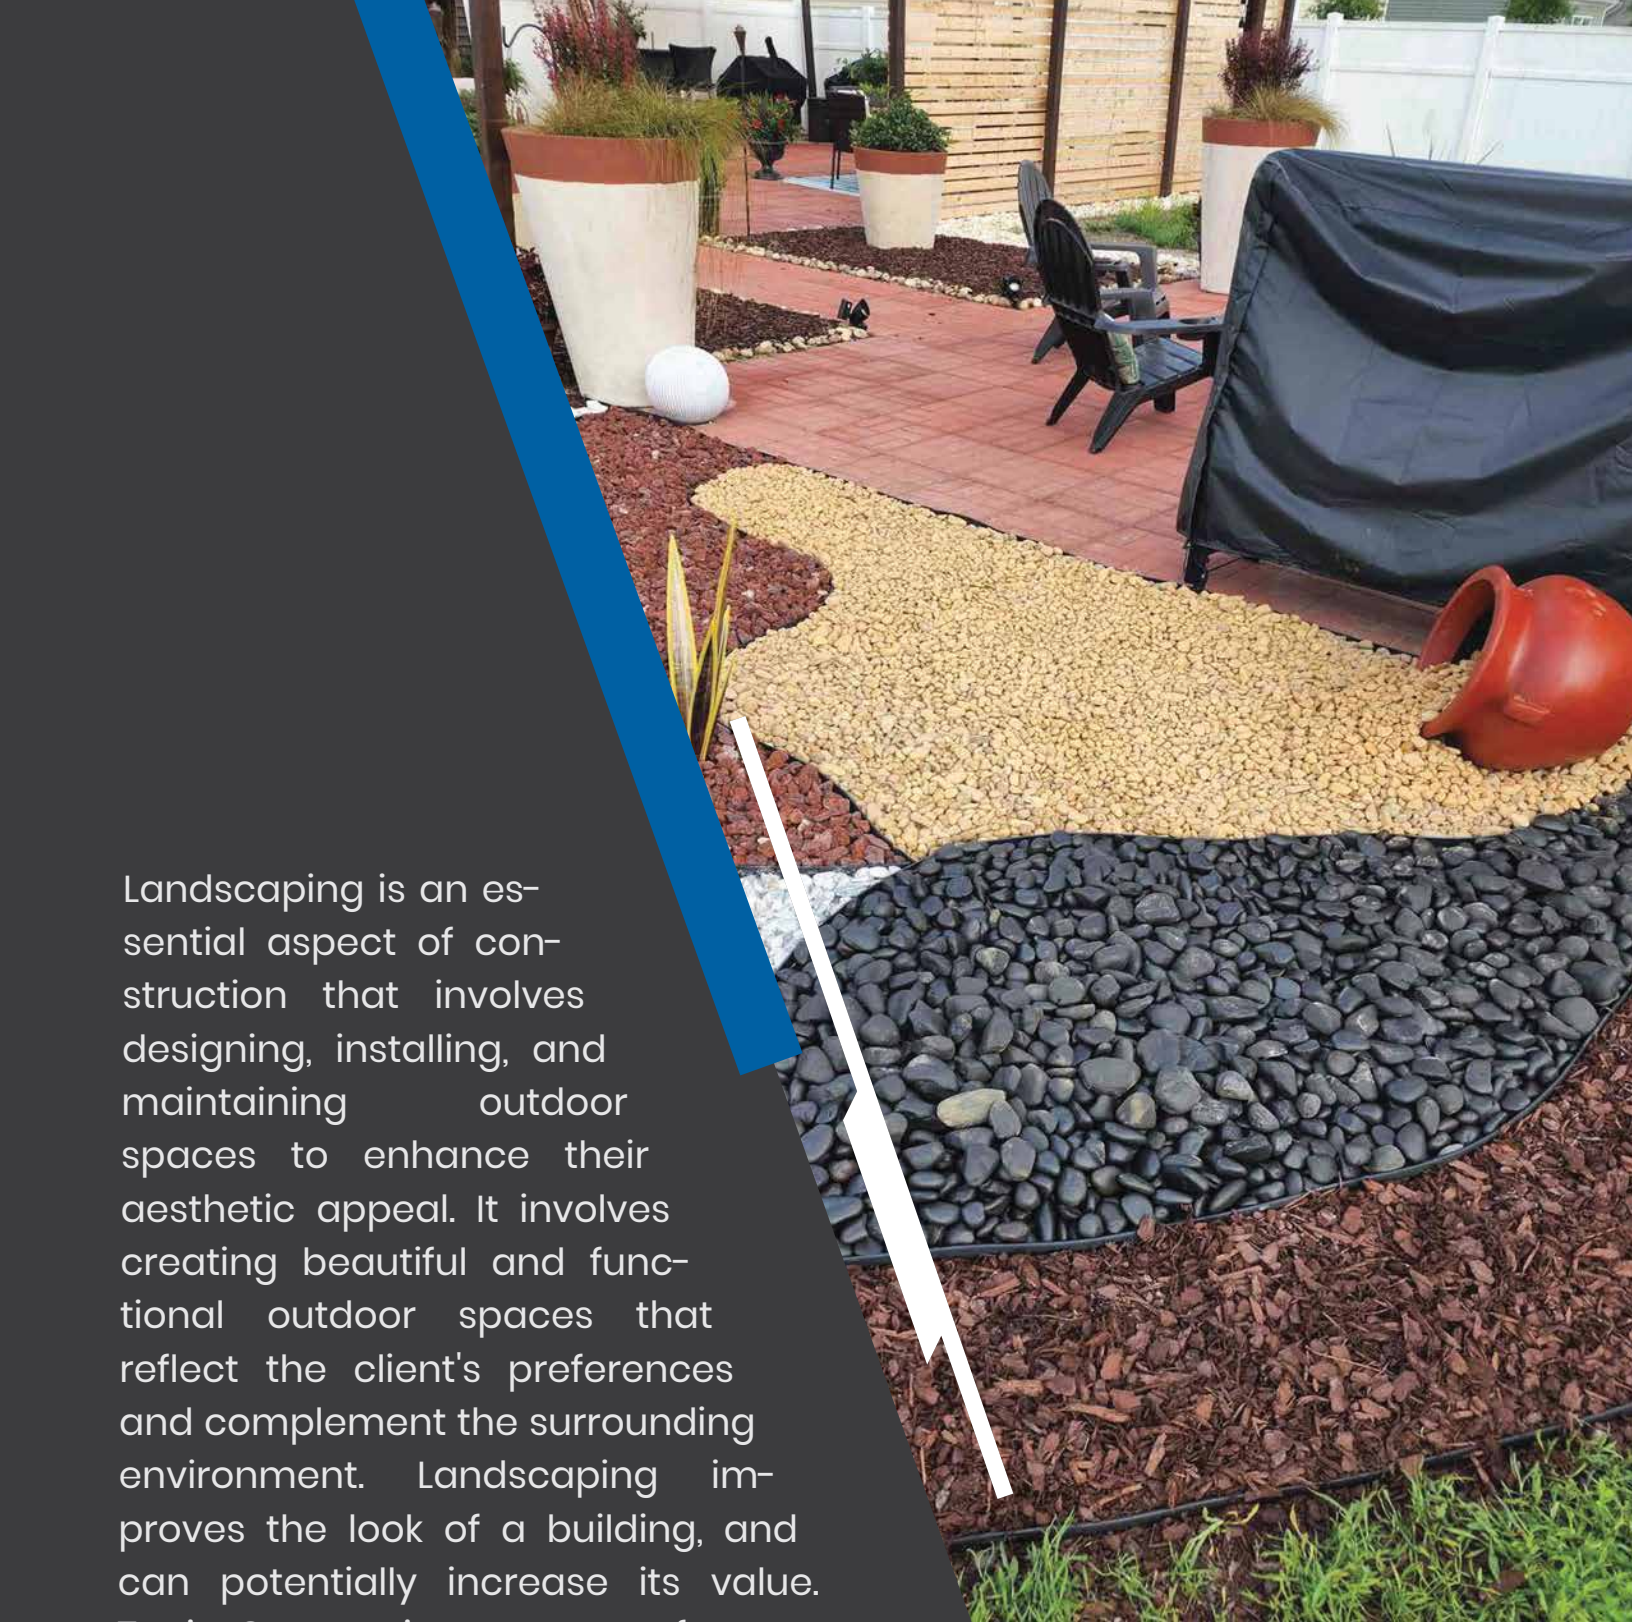

Concrete works is one of the biggest examples for Tania Contracting Company in the subcontract sector. We worked and are working on a variety of projects involving cement and asphalt. We are pivotal in ensuring the structural integrity of a building with great care. We have several experiences of concrete work including all areas such as foundation, footings, beams, columns, and walls, they also pour driveways, ramps, walkways, patios, and parking areas.

Plastering, drywall, and insulation are important to most building types since most buildings have a layer between the exterior walls of the building and internal sections. We, as a subcontractor in construction field, have built a lot of the projects from foundations to finishing touches

Landscaping is an essential aspect of construction that involves designing, installing, and maintaining outdoor spaces to enhance their aesthetic appeal. It involves creating beautiful and functional outdoor spaces that reflect the client's preferences and complement the surrounding environment. Landscaping improves the look of a building, and can potentially increase its value. Tania Contracting company focus on outdoor work such as designing (and maintaining) gardens and walkways, planting, adding accents, and improving curb appeal to enhance the aesthetic value of the outdoor space.

## MESSAGE FROM GENERAL MANAGER

Tania Contracting Company Ltd has provided the kingdom with building and construction solutions, supported many big company by arranging non skilled, semi-skilled, skilled labors & staffs in bulk quantity. We have to be success in day by day by achieving a long-term works together with Safin Dream contracting company and Anwar Contracting Company. In the recent economic conditions of the Kingdom, we worked hard to navigate both the global economy and the restructuring of our business and we did so with the ever-present priority to preserve the culture and guiding principles of our company. The measure of any manpower resource & construction company is how well it reacts to changes in the market and in the world at large. We hope, in near future Tania contracting company will be one of the most prominent company in Saudi Arabia with the support of others and you.
